INCIDENT MANAGEMENT SYSTEM (NIMS).**

**WHEREAS**, In Homeland Security Directive (HSPD) -5, the President directed the Secretary of the Department of Homeland Security to develop and administer a National Incident Management System (NIMS), which would provide a consistent nationwide approach for federal, state, local, and tribal governments to work together more effectively and efficiently to prevent, prepare for, respond to, and recover from domestic incidents, regardless of cause, size, or complexity; and

**WHEREAS**, NIMS provides for interoperability and compatibility among Federal, State, and local capabilities and includes a core set of concepts, principles, terminology, and technologies covering the incident command system, unified command, training, management of resources and reporting; and

**WHEREAS**, in a Proclamation dated December 20, 2004, the Governor of Pennsylvania mandates the National Incident Management System will be utilized for all management incidents in the Commonwealth and to be effective immediately; and
