

GOLDSBORO BOROUGH

RESOLUTION NUMBER 2016-4

Municipal Election to “Opt-In” to the Development of the *York County Regional Pollutant Reduction Plan*

WHEREAS, the Clean Water Act required the U.S. Environmental Protection Agency (EPA) to set limits on the amount of pollutants, known as Total Maximum Daily Loads (TMDLs), that can enter the Chesapeake Bay; and

WHEREAS, EPA required Bay states, including Pennsylvania, to develop Watershed Implementation Plans (WIPs) that will lead to the restoration of the Chesapeake Bay and clean local streams by removing an allocated pollutant load; and

WHEREAS, Pennsylvania has developed a Chesapeake Bay WIP, which sets forth a comprehensive plan for the Commonwealth to achieve the required pollutant reductions mandated by the TMDL, which includes urban stormwater management strategies, as well as draft pollution reduction targets for each county in the Chesapeake Bay Watershed; and

WHEREAS, York County is one of the counties located in the Chesapeake Bay Watershed; and

WHEREAS, municipalities within the York County urbanized area are required to apply for an MS4 permit to reduce pollutants through a stormwater management program, or request a permit waiver; and

WHEREAS, Municipal Separate Storm Sewer System (MS4) permit holders in York County are required to develop Pollutant Reduction Plans (PRPs); and

WHEREAS, York County is developing a Regional PRP to satisfy 2018 Permit requirements whereby participating municipalities (including those with MS4 permits, waivers and non-urbanized municipalities) will cooperatively identify, fund, implement, and report stormwater “Best Management Practices” projects that will help York County meet required pollutant reductions; and

WHEREAS, it is the responsibility of the governing COUNCIL/BOARD to take formal action to either “Opt In” or “Opt Out” of the development process for the Regional PRP.

NOW, THEREFORE, BE IT RESOLVED, that the Goldsboro Borough Council does hereby:

 XXXX **Opt-In** to participate in development the York County Regional Pollutant Reduction Plan for the 2018 Permit cycle.

Opt-Out to participate in development of the York County Regional Pollutant Reduction Plan for the 2018 Permit cycle.

Approved and adopted the 12th day of September , 2016

YORK COUNTY REGIONAL POLLUTANT REDUCTION PLAN DEVELOPMENT PARTICIPATION FORM

Goldsboro will participate in the development of the
Name of Municipality

York County Regional Pollutant Reduction Plan (PRP). The Plan will:

- Meet the PRP requirements set forth for the 2018 MS4 Permit of applicable municipalities
- Be developed at no cost to participating municipalities
- Include a schedule of BMPs that my municipality can implement in partnership with other municipalities through cost-sharing measures
- Provide an annual reporting mechanism to demonstrate to PA DEP progress being made to meet the required pollutant reductions.

Each participating municipality can designate up to two (2) persons to serve on the Plan Development Steering Committee. Our representative(s) will be:

Name: Byron Trout

Robert D Charles

Position: Engineer

V.P of Council

E-mail: goldsboborough@comcast.net

Phone: 717-938-3456

**If your municipality opts in,
please complete & return this form with your
Resolution by October 4, 2016.**
